

Who are we?

The Milwaukee Time Lords is a science fiction fan club with its original foundation being the British TV series **Doctor Who**. We also are fans of other sci-fi TV, including **Star Trek**, **The X-Files**, **Dark Shadows**, **Babylon 5**, **Alien Nation**, **Buffy**, **Quantum Leap**, **Xena**, **Farscape**, **Forever Night**, **Blake's 7**, **The Avengers**, **Sliders**, etc, etc. From the newest to the obscure like **Probe**, **Mann & Machine**, and **Tripods**. Science Fiction films and Japanese Animation are also popular with many members, as are British comedies such as **Red Dwarf**, **Black Adder**, **Absolutely Fabulous**, **Monty Python**, and **Fawlty Towers**.

MTL has public meetings twice a month, where after a brief business meeting- we have videos, games, & food. We regularly have a video room showing a variety of science fiction and comedy, usually including an episode of **Doctor Who**. Often times members are treated with surprises like behind-the-scene specials, bloopers, interviews, or an episode from a TV series a week before it airs on TV (thanks to a satellite dish). In a second room we have games- including customized games like Galactic-opoly and sci-fi Win, Lose & Scribble. Plus the more familiar like collectible card games, roleplaying, and board games. Meetings are also great for the latest sci-fi news, and to keep in touch with club friends. For specifics, call Margaret at (414) 672-9872 or e-mail at mdfang@aol.com.

Social Fun

The Milwaukee Time Lords is a diverse group which attracts a wide variety of people - young & old, singles, married with children, and retirees. We are students, teachers, salesmen, computer operators, factory workers, nursing aids - among many other vocations. All have joined because of our commonly shared interests in science fiction.

We provide a number of social activities designed to make MTL a more broad, well-rounded organization. One in-house event is our annual picnic held in June. We enjoy various games, such as WhoBall (baseball with a unique set of rules) along with great food from the grill like brats and corn. We also put on Halloween & Christmas parties, as well as an Anniversary Dinner.

We have had outside activities which are both social and educational. We have visited the Shedd's Aquarium, the Adler Planetarium, the Museum of Science and Industry, and the Time Museum. We have toured the Elegant Farmer in East Troy, walked through the Stone Mill Winery, and visited the Milwaukee Astronomical Society. Plus we are active in volunteering help with PBS and The Hunger Task Force. And of course MTL partakes in strictly fun activities like Great America, the Renaissance Faire, Summerfest, and the State Fair.

The Newsletter

The *Relative Times* is the newsletter of The Milwaukee Time Lords. A subscription provides 8 newsletters a year, each with almost 30 pages of sci-fi material.

Every issue contains the latest news & rumors of your favorite TV shows: **Doctor Who**, **Star Trek: Voyager**, **The X-Files**, **Farscape**, **Red Dwarf**, **Xena**, **Buffy the Vampire Slayer**, **Angel**, **Charmed**, **Lexx**, **Roswell** - just to name a few. Plus keep up on the newest in Science Fiction theatrical films, Japanese Animation, new upcoming TV series, future guest appearances at conventions, and info on the Sci-Fi Channel. A lot of research is done to keep our members informed.

Besides the latest in sci-fi related news, each issue is like a mini-fanzine. Members provide artwork, character profiles, short stories, convention reviews, cartoons, trivia, poetry, and more. Our past issues have contained many interviews, including Patrick Stewart, Jon Pertwee, Craig Charles, Mira Furlan, Paul Darrow, Elisabeth Sladen, and Sylvester McCoy.

Plus, unlike some fan publications which we've all run into, *The Relative Times* will arrive on time. A January issue will arrive in January, not February or March. The news you receive WILL NOT be outdated.
